PLSD Improvement Project Continues

Phase II, the expansion portion of the project, started in late fall 2023 in the Outlet Association. Crews continued working until the ground froze but have returned and completed the main line work in the Outlet Association. They continue moving to the north as excavation work is completed and are currently working in the Bullhead Bay neighborhood. We appreciate your patience and support with this project!

Sump Pump Discharge Not Allowed After April 1st

Customers in need of sump pumps over the winter months should move their sump pump discharge hoses to the outside by April 1st. Springtime ground water taxes the sewer system, so complying with the April 1st deadline helps alleviate additional burden on the system. PLSD reminds you that you must complete a sump pump permit as required by Ordinance 13. You can find the [permit form](#) on our website.

PLSD Reminds You to Provide Access

As we continue to make improvements, PLSD reminds all cabin owners that you must maintain your property free of encroachments on system components such as manholes, lift stations, and clean out accesses. Cabin owners provided an easement to PLSD when the system was constructed years ago that grants access to the property to work on the sewer system. Examples of obstruction include landscaping, fences, arbors, lamp posts, signs, swing sets, sidewalks, retaining walls, garages, out buildings, etc. When necessary, PLSD will remove any encroachments to gain access, as needed, at the cabin owner's expense.

PLSD Reminds You to Locate Underground Utilities

When performing any construction work on your property be sure to properly locate your underground utilities on your property. Generally, the contractor hired to complete your project will make the request; however, if performing the work yourself, be sure to make the request. [SD One Call](#) is a universal service used by contractors and homeowners to request utility locate services.

PLSD Offers Automatic Withdrawal Payment Option

PLSD's bank (Dacotah Bank) drafts your account on the 20th day of the billing month (3/20 & 9/20). If not enrolled, please consider it. It's a safe, secure, and an affordable option. If you're interested, please complete the enrollment form found on our [website](#), and return to our office.
